# ONCOLOGIST JOINS VEC TEAM

THE VEC IS PLEASED TO ANNOUNCE THE ADDITION OF  
DR. FERNANDA MANTOVANI TO THE VEC

Dr. Fernanda Mantovani is originally from Sao Paulo, Brazil and obtained her veterinary degree from the Sao Paulo State University.

After graduating, Dr. Mantovani spent one year taking clinical courses at the University of Wisconsin-Madison, and completed the American Veterinary Medical Association certification program for foreign graduates in 2009. The training and exposure from the time spent in Wisconsin inspired Dr. Mantovani to pursue a specialization in veterinary oncology.

Upon completing a small animal rotating internship at the University of Missouri in 2011, Dr. Mantovani made Canada her home and completed a one year oncology internship, followed by a three year oncology residency at the Ontario Veterinary College.

Dr. Mantovani will begin her practice at the VEC on September 15<sup>th</sup>. She will be seeing patients Tuesday through Friday, with evening appointments available on Wednesdays.

We are thrilled to welcome Dr. Mantovani to the VEC Team!
